

Join the global coalition calling for #HEALTHFORALL

Idioma Inglés

The NCD Alliance has joined 200+ organizations around the world to launch the first-ever Universal Health Coverage Day on 12 December 2014.

This historic coalition will mark the anniversary of a landmark UN resolution urging all countries to provide universal access to health care without financial hardship.

No one should fall into poverty because they get sick and need health care. Universal health coverage is essential for making progress on NCDs – and for creating a fairer, more resilient society.
