

World Cancer Day 2015: Map of events

Idioma Inglés

The interactive [Map of Events](#) [1] aims to feature all of the events, activities and actions that will be taking place to mark World Cancer Day, 4th February 2015.

Do you know what you will be doing for World Cancer Day 2015 already? Everyone is encouraged to share their plans, whether they are launching a report, organising a fundraising event or advocacy activity.

Uploading your event or campaign onto the World Cancer Day map is easy, simply click [here](#) [2] to submit your activity.

Taking place under the tagline 'Not beyond us', World Cancer Day 2015 will take a positive and proactive approach to the fight against cancer, highlighting that solutions do exist across the continuum of cancer, and that they are within our reach.

World Cancer Day is a unique opportunity to raise awareness that there is much that can be done at an individual, community and governmental level, to harness and mobilise these solutions and catalyse positive change. The 2015 campaign will be articulated around four key areas of focus:

- Choosing healthy lives
- Delivering early detection
- Achieving treatment for all
- Maximising quality of life
