
NCD Alliance Annual Report 2015

Idioma Inglés

We are pleased to announce the launch of our Annual Report 2015. It offers a snapshot of the activities and achievements of the NCD Alliance and our extensive constituency over the last year. It also includes a summary of financial statements.

During 2015 NCD Alliance drove forward an ambitious programme of work to maintain momentum on NCDs at global, regional and national levels. We celebrated achievements, convened NCD civil society representatives, and set solid foundations for supporting progress on NCD prevention and control in the post-2015 era.

This report reveals that together, across our network of Federations, global and local organisations, supporters, and individuals, we are making a difference for people at risk or living with NCDs.

We wish to thank everyone who helped make the past year so successful, and look forward to continuing to advance the NCD agenda together.
