

World Cancer Congress: NCD Programme, Early Registration Deadline and More!

Idioma Inglés

The 2016 World Cancer Congress will take place from 31 October-3 November in Paris, France. The conference will feature a dedicated [NCD Programme](#) [1], including seven [NCD Café Sessions](#) [2].

The NCD Programme will feature over 40 sessions specifically on NCD topics or related priorities including tobacco control, universal health coverage, and youth empowerment. High profile speakers, including Etienne Krug (Director, WHO Department for NCDs), Sir Trevor Hassell (President, Healthy Caribbean Coalition), Ana Langer (Director, Women and Health Initiative, Harvard School of Public Health), and Alejandro Calvillo (Director, El Poder del Consumidor).

Topics discussed in the NCD Café, organised by NCD Alliance Supporters, will include risk factor prevention, patient engagement, financing, sustainable health systems, solutions to address NCDs In vulnerable populations and more.

Other features of the conference not to be missed include three [plenary sessions](#) [3] with keynote speakers from world renowned experts and the [big debates](#) [4] series which set out to address the biggest cancer and NCD controversies on the global agenda – should we invest most in prevention? Do the benefits of partnering with industry outweigh the costs?

Reduced [registration rates](#) [5] are available until 31 August, with a further discount for close partners of NCD Alliance:

- Steering group federations
- Organisations represented on the NCD Alliance Supporters Consultation group
- Organisations represented on the NCD Alliance Campaigns group
- National and Regional NCD Alliances
- Expert Advisory Council Members

Join us at the World Cancer Congress to learn from cancer and NCD experts and share the lessons you have learned in your own field. NCD Alliance will have a booth in the Global Village – come and see us there!

For more of the latest updates from UICC, check out today's conference newsletter [here](#) [6].
