
The Alcohol Industry's Commercial and Political Activities in Latin America and Caribbean: Implications for Public Health

The Alcohol Industry's Commercial and Political Activities in Latin America and Caribbean: Implications for Public Health

Langue Anglais

This report describes the role of the alcohol industry in influencing regional policies that affect public health and social welfare, using tactics that resemble those of other unhealthy commodity industries such as ultra-processed food, sugar-sweetened beverage, and tobacco, which are far more frequently exposed and challenged in LAC.
