

NCD Alliance announces its 2025–2027 Board of Directors

Langue Anglais

NETWORK RELEASE

6 May 2025, Geneva (Switzerland) – Today, at the NCD Alliance (NCDA) virtual General Assembly, the President-Elect and Board of Directors were elected for the 2025-2027 term. The NCDA General Assembly, held every two years, convenes NCDA's global network of members as is its highest governing body.

Dr Saunthari Somasundaram was elected as NCDA's President-Elect. She is the President and Medical Director of the National Cancer Society Malaysia, with over two decades of leadership experience in advancing cancer and NCD control across diverse health systems globally. She has served on the NCDA Board for the last four years.

Eight new Board Members were also elected by NCDA members for the term, including seven general Board Members and, for the first time, a dedicated lived experience Board Member.

During the occasion, Leslie Rae Ferat, previously NCDA's President-Elect and Executive Director of the Global Alliance for Tobacco Control, officially began her term as NCDA President.

In total, the Board comprises 14 individuals, including the President, the President-Elect, eight elected Board of Directors, and four appointed representatives of NCDA's Founding Members.

The Board reflects a rich diversity of experiences, sectors, and geographies, ensuring broad representation and continuity in its leadership.

To mark the start of her term as NCDA President, Leslie said:

"I am honoured to step into my role as President of NCDA, at such an important time for the organisation and the NCD response overall with the upcoming fourth UN High-Level meeting on NCDs and the culmination of NCDA's current long-term strategy just next year. I look forward to working with the Board, the NCDA team and our members around the world to deliver meaningful change for the millions of people at risk and living with NCDs."

As the outgoing President, Dr Monika Arora said:

“It has been such a privilege and an honour to have served as the NCDA President over the past two years. I am proud of what the organisation has achieved during these uncertain times, demonstrating the critical importance of global solidarity, collaboration and fearless advocacy in the fight against NCDs. I have every confidence NCDA will continue to go from strength to strength under the leadership of Leslie Rae Ferat and the new Board during these next two years.”

The 2025-2027 Board
