

New edition of the Tobacco Atlas launched at WCToH 2015

Langue Anglais

The Tobacco Atlas, Fifth Edition and its companion website www.tobaccoatlas.org [1], were unveiled yesterday by the American Cancer Society and World Lung Foundation at the [16th World Conference on Tobacco or Health](#) [2].

The Atlas graphically details the scale of the tobacco epidemic; the harmful influence of tobacco on health, poverty, social justice, and the environment; the progress that has been made in tobacco control; and the latest products and tactics being deployed by the industry to protect its profits and delay and derail tobacco control.
