November 14 is World Diabetes Day (WDD). Led by the [International Diabetes Federation](#) [1] (IDF), the day unites the global diabetes community to produce a powerful voice for diabetes awareness and advocacy.

Healthy Living and Diabetes is the World Diabetes Day theme for 2014-2016. This year's activities and materials focus on the importance of starting the day with a healthy breakfast.

IDF will be releasing tomorrow an update of the [Diabetes Atlas](#) [2], providing the latest evidence on the global epidemic of diabetes.
