NCD Alliance welcomes you to our refreshed website, coinciding with the launch of NCD Alliance's 2016-2020 Strategic Plan.

Our previous website has seen us through some momentous times in the NCD prevention and care space - from our campaign to hold a high level meeting on NCDs in 2009 all the way to the realisation of advocacy efforts to ensure NCDs were prioritised in Agenda 2030 Sustainable Development Goals in 2015.

The NCD Alliance website has proven to be an invaluable information hub and repository for advocacy tools and resources for all in our network, and beyond. With a shift in the focus of our strategic priorities in the 'post-2015' era, that the need to reorganise the website emerged.

New Features of Note

- **Resources** - Intuitive Categories, Publications & Multimedia including our new YouTube channel which will host webinars and NCD advocacy playlists
- **News & Events** - our new blog with regular guest posts, our visual calendar alongside event lists from NCD Alliance as well as the NCD community
- **Vibrancy** - to reflect our network of alliances and members and the work being done to address NCDs globally
- **Newsletter** - Coinciding with the launch of the new website we have redesigned our e-alert newsletter. If you haven't yet subscribed, follow sign up via our homepage, and keep an eye out for the first issue.
- **Highlighting Capacity Development**, including maps of our growing network of active National and Regional alliances
- **Advocacy** support
- **Clarity over the NCDA structure**, plus profiles of key partners including Steering Group, Expert Advisory Council and SCG

Please spend some time exploring the website. We invite your feedback. As with all website updates, we realise that
