The high-level segment of the 72nd Session of the United Nations General Assembly opens in New York next week. NCD Alliance is hosting a side event on Monday 18 Sept from 6-7:30pm, entitled *Breaking Down Silos, Building Synergies: Implementing NCDs in the SDG Era*.

This side event will bring together speakers from different sectors to discuss the need for integrated action to achieve global NCD targets, the investments needed to drive forward that action, and 'win-win' solutions. Please RSVP [here](#) [1].

On Thursday 14 September, the new President of the General Assembly (PGA), Miroslav Lajčák, [outlined](#) [2] his focus during his tenure - conflict prevention, peace, migration, and a decent life for all on a sustainable planet under the theme 'Focusing on people: striving for peace and a decent life for all on a sustainable planet.' As part of this overarching theme, the PGA identified six priorities, as follows: people; peace and prevention; migration; the SDGs and climate action; human rights; and quality.

In addition to the NCD Alliance [event](#) [3], there are several other NCD-related side events taking place. Below is a snapshot of these events. For a more detailed list of NCD and health-related events, please see the NCD Alliance [calendar of side events](#). [4]
