

Share your story: Living with multiple chronic conditions

Language English

Real life stories can inspire and motivate others to take action and make a difference! That's why the NCD Diaries has been launched as part of the Our Views, Our Voices initiative.

NCD Diaries is a multimedia storytelling project centred on individual lived experiences and calling for action on NCDs. NCD Alliance is pleased to announce that Expressions of Interest are now being accepted from potential Diarists for Series One of the NCD Diaries, which will focus on experiences of living with multiple chronic conditions. This can be either two or more NCDs, or NCDs and infectious diseases (e.g. HIV, TB, COVID-19).

The prevalence of people living with multiple conditions has grown significantly over the past 20 years. Many people living with multiple chronic conditions face significant challenges due to health systems that fail to adequately address all aspects of their treatment, care and support. NCD Diaries is seeking Expressions of Interest from potential Diarists who have lived experience of multiple chronic conditions.

Those interested in pursuing this opportunity should [submit an Expression of Interest](#) [1] by **21 March 2021**. Expressions can be submitted in English, Spanish and French.

Following selection, the NCD Diarists' involvement as part of Series One will span approximately 4 months (April – July 2021).
