Extended Description:

The March webinar is the first in a series of 2023 quarterly advocacy updates. The main agenda items included the debrief of the 152nd session of the WHO Executive Board session and the Small Island Developing States (SIDS) High-Level Technical Meeting on NCDs and Mental Health. The webinar also provided some insights into 2023 NCD key advocacy asks and how the NCD community can support advocacy efforts in the next quarter.
