## Extended Description:

NCD Alliance has released its main response to the compilation text of the Political Declaration of the 4<sup>th</sup> UN High-Level Meeting on NCDs and Mental Health (HLM4) dated 29<sup>th</sup> May.

We express our support for many of the proposed changes to the Zero Draft that are reflected in the compilation text, including a greater focus on equity and rights-based commitments and a more prominent acknowledgement of lived experience. However, we also encourage Member States to further consider a number of items that are crucial for moving the needle on NCDs.
