Extended Description:
This webinar built on the outcomes of the last two high-level meetings of the United Nations to bring attention to the risk factors, prevalence and burden of NCDs and the fragile and crisis-affected contexts in humanitarian settings, where health systems have significant difficulties in addressing NCDs.

It stimulated discussions of what works, and facilitated shared experiences for the prevention and control of NCDs in humanitarian settings from the perspective of different actors, with presentations from **UNHCR, LSHTM, UNICEF, Novo Nordisk and Royal Health Awareness Society of Jordan**.

Slides and recording are available at ['My NCDA Hub'](#) [1]

Recording:

Please note that recordings and slides of this webinar are an exclusive benefit to NCDA members (full and associate) and partners. If you are not already a member or partner of the NCD Alliance, and would like to learn more about the benefits of being one, you can [learn more here](#) [2] or directly [apply here](#) [3].

We also offer a free engagement tier through network membership. Network members have free access to webinar recordings after 30 days. If interested in this option, you can apply directly [here](#) [4].
