

Shaping the health systems of the future: case studies and recommendations for integrated NCD care

Shaping the health systems of the future: case studies and recommendations for integrated NCD care

Language English

This Guide developed in partnership with Lilly recommends ways to overcome barriers to integrated care: creating an enabling environment, training health care workers, developing people-centred approaches, capturing and using data, and ensuring effective governance and sustainability.

Extended Description:

This Guide recommends ways to overcome barriers to integrated care: creating an enabling environment, training health care workers, developing people-centred approaches, capturing and using data, and ensuring effective governance and sustainability. Developed in partnership with Lilly, it also fills an important gap by providing a set of detailed case studies demonstrating the practical benefits of an integrated approach to NCDs.
