Extended Description:

In 2024 and until the next High-Level Meeting (HLM) on NCDs in September 2025, the Global Week for Action (GW4A) campaign will be sending the message that now is the Time to lead on NCDs. We need leaders who will help to deliver a positive result at the HLM on NCDs (happening in September 2025). We need country leaders, state leaders, community leaders and civil society leaders to step up and bring a positive change to the lives of people living with NCDs everywhere.

In July 2024, NCD Alliance organised a members-only workshop focused on civil society advocacy and campaigning towards the 4th HLM. The discussion aimed to inform on the campaign theme and provide a platform for peer exchange on each other's advocacy efforts towards 2025. The webinar also mobilised NCDA membership around the GW4A campaign and the 2024 Global NCD Alliance Forum.

Recordings are now available. You can watch the recording of the discussions from all three break-out rooms in the English version. Spanish and French recordings capture the discussions only of one break-out group.
