Extended Description:

The NCD community wishes to emphasise the importance of a robust framework of national NCD-specific indicators to help inform policies and investments, which will complement the GPW 14 results framework. These frameworks should include data on the burden of NCDs, service coverage (including access to essential medicines, technologies, and diagnostics across all levels of the health system), catastrophic health spending, and overall investment in NCD services.

Read more in the constituency statement coordinated by NCD Alliance and supported by HelpAge International, World Cancer Research Fund International (WCRF), Union for International Cancer Control (UICC), Multiple Sclerosis International Federation (MSIF), European Society for Medical Oncology (ESMO), The International Society of Paediatric Oncology (SIOP), International Rescue Committee (IRC), Vital Strategies, International Association for Suicide Prevention (IASP) and World Heart Federation
