

## Participating Accelerator NCD alliances

Language English

The NCD Alliance's Advocacy Institute Accelerator Programme is a multi-year initiative that seeks to increase the capacity of established NCD alliances to drive effective in-country NCD advocacy.

Accelerator NCD alliances were selected on the basis of need and potential for impact as assessed by national NCD burden, potential for partnerships, established NCD civil society and progress on global NCD commitments.

### Second Phase of the Advocacy Institute (2020 – onwards)

#### NCDs and UHC Accelerator Programme (starting 2020)

11 well-established national NCD alliances are supported to drive effective in-country NCD and UHC advocacy. Read more about each of our country partners below:
