

# NCD Alliance Webinar

Wednesday 9 September 2015

**NCD Alliance**

PUTTING NON-COMMUNICABLE DISEASES  
ON THE GLOBAL AGENDA

## Moderator:

Katie Dain, NCD Alliance

## Speakers:

Priya Kanayson, NCD Alliance

Alena Matzke, NCD Alliance

Jess Beagley, NCD Alliance

# Agenda

## Global Development Campaign:

- Post-2015 Processes
- UN Sustainable Development Summit, New York

## NCD Alliance Global Forum Preparations:

- EMRO Regional Preparatory Meeting, Cairo

## Global NCD Framework Campaign:

- WHO Regional Committee Meetings
- WHO Global Coordination Mechanism

# Global Development Campaign Update

By Priya Kanayson,  
NCD Alliance

# Overview

1. Update on the Post-2015 Indicator Development Process
2. Preparations for the UN Sustainable Development Summit

# Update: Indicators for the SDGs

## Proposed timeline:

- **21 Sept:** Updated list of proposed indicators circulated
- **15 Oct:** Deadline for final comments on updated list
- **26 – 28 Oct:** 2<sup>nd</sup> [meeting](#) of IAEG-SDGs (Bangkok)
- **30 Nov:** Indicator proposal submitted to 47<sup>th</sup> session of UNSC
- **March 2016:** Global indicators finalized and adopted by UNSC, to be later adopted by ECOSOC and the UN GA

### Important documents:

- [Website](#) of IAEG-SDGs
- [Proposed workstream](#) for the IAEG-SDGs
- [Updated list](#) of priority indicators (v. 11 August)

# Update: Indicators for the SDGs

## Why is this important?

- **Accountability:** Technically sound indicators that accurately measure progress will provide the baseline for holding Member States accountable to achieving the new goals and targets by 2030;
- **Health in all policies:** Opportunity to demonstrate how NCDs are integrated across the SDGs and ensure governments make progress towards reaching Target 3.4;
- **Evidence:** On progress, and on how multisectoral partnerships can be utilized to achieve the goals and targets;
- **Visibility:** Maximize visibility of NCDs throughout the 2030 Agenda.

# Update: Indicators for the SDGs

## Current proposed indicators for NCD targets:

- **Target 3.4:** The probability of dying of CVD, cancer, diabetes or chronic respiratory disease between 30 – 70 years of age
- **Target 3.a:** Age-standardized prevalence of current tobacco use among persons **age 18+**

## NCD Alliance Submission to IAEG-SDGs Consultation

- **Target 3.4:** Proposed alignment with existing indicators in WHO [Global Monitoring Framework](#)
- Proposed indicators for **Target 2.2** (nutrition), **Target 3.5** (substance abuse), **Target 3.6** (road traffic injuries), **Target 3.9** (air pollution), **Target 7.1** (sustainable energy), **Target 11.2** (safe transport and physical activity)

# NCD Alliance Indicator Consultation Process

## January 2015

- Initial NCDA network consultation
- Result: Table with proposed indicators for NCD – relevant targets

## August 2015

- Consultation based on proposed indicators
- Result: Collective NCD community submission to IAEG-SDGs consultation process

## Next Steps

- Follow IAEG-SDGs indicator process through March 2016
- Continue to input into process to ensure strong NCD indicators

- **21 Sept:** updated global indicators framework released
- **15 Oct:** deadline for comments on updated framework

# UN Sustainable Development Summit

## Overview

- **Date:** 25 – 27 September 2015
- **Outcome:** Formal adoption of the [2030 Agenda](#)
- **Attendance:** Heads of State, Heads of Government, Ministers, Civil Society, Academia, etc.

- **EURO:** 19-20, Belgium

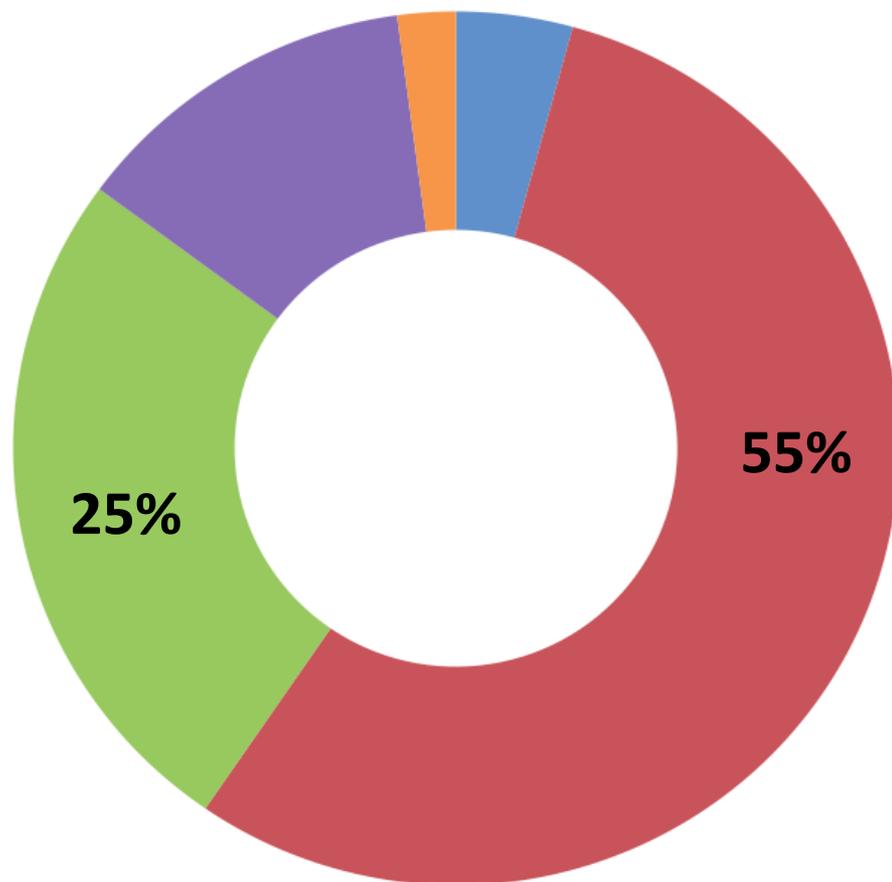

# Strengthening NCD Civil Society in the EMR

## Overview:

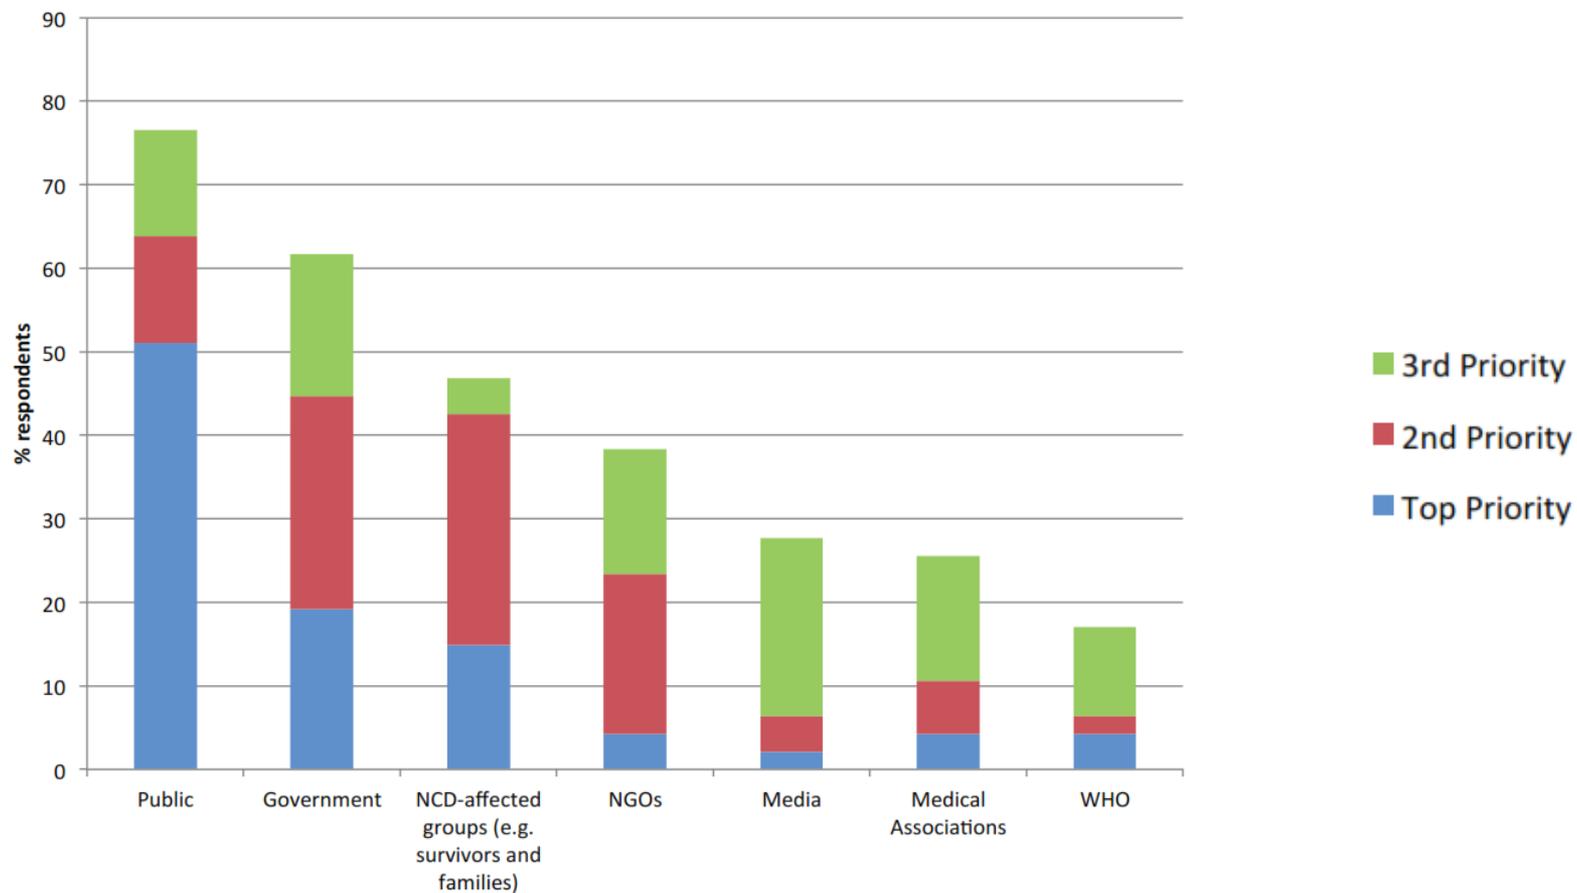

- **1-2 September 2015** in Cairo, Egypt
- **52 participants** incl. 37 representatives from CSOs from 12 of the EMR countries; NCD Alliance, WHO country /regional staff, UNDP
- **Aimed to strengthen the civil society movement in the region** by facilitating sharing of experiences, review capacity and fostering alliances to drive **advocacy, policy and accountability**
- NCDA commissioned a [background paper](#) mapping EMR CSOs
- Identified EMR civil society **priorities for joint follow-up & action**
- Built momentum for establishment of a **regional NCD Alliance and alliances at national level** (e.g. Saudi Arabia)
- **WHO news story, incl. Video Message by HRH Princess Dina Mired of Jordan** accessible [here](#).

## Type of Organization

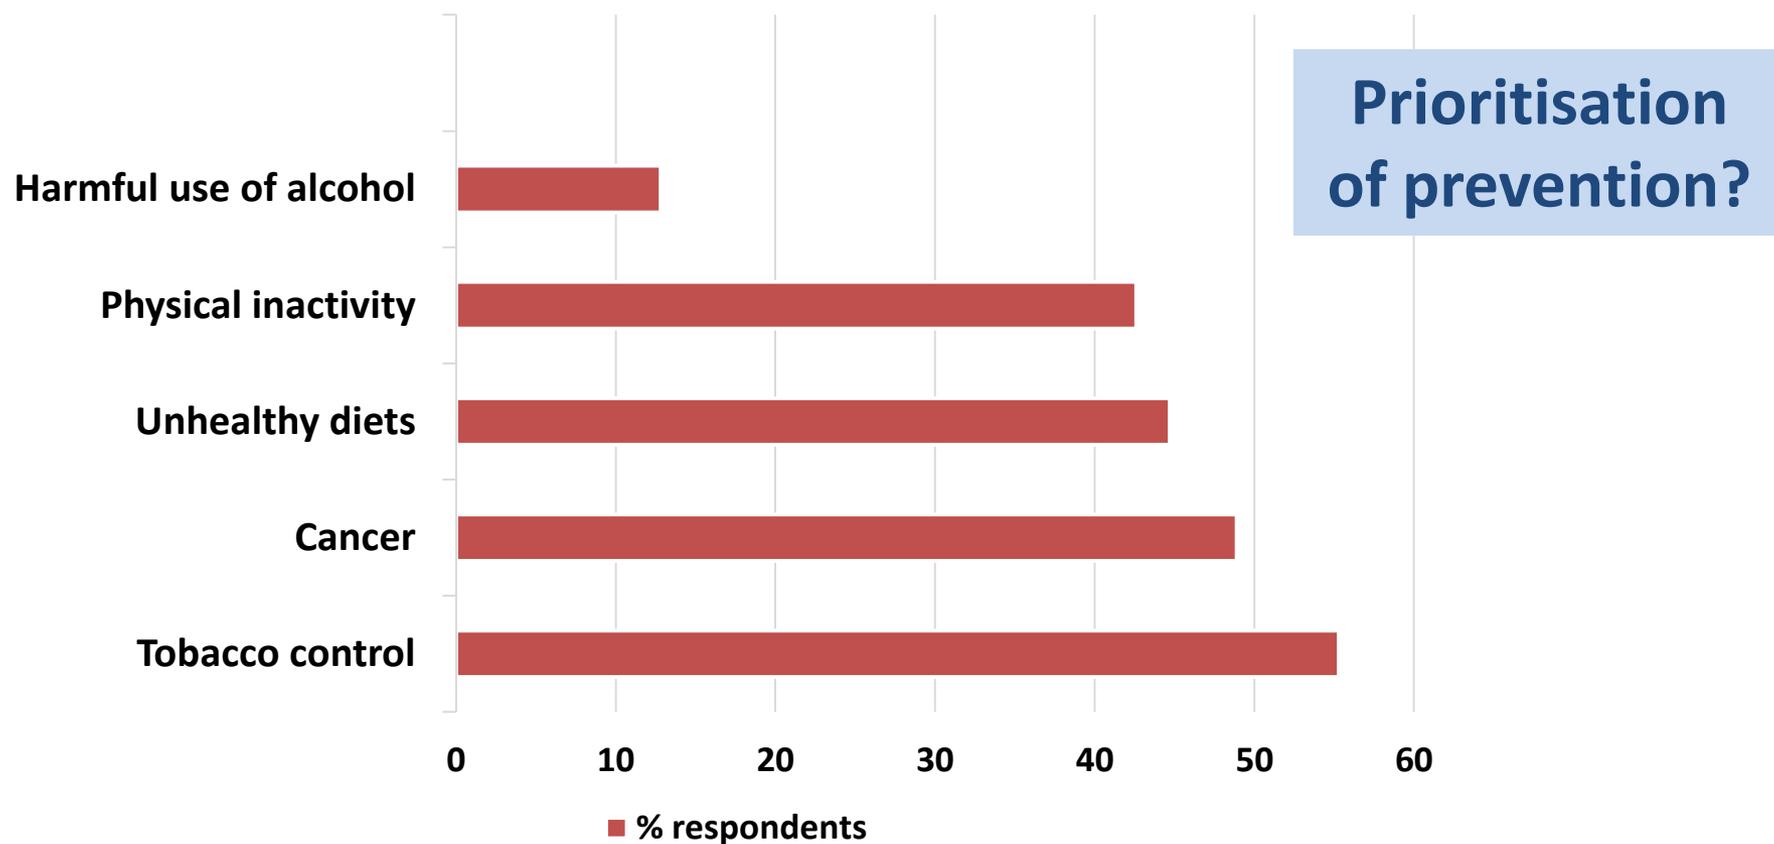

- Medical association (e.g. cardiologist association)
- Health NGO (e.g. cancer society or nutrition education group)
- Non-health NGOs (e.g. a anti-poverty or rights-based group)
- Research agency
- Other

## Priority Audience

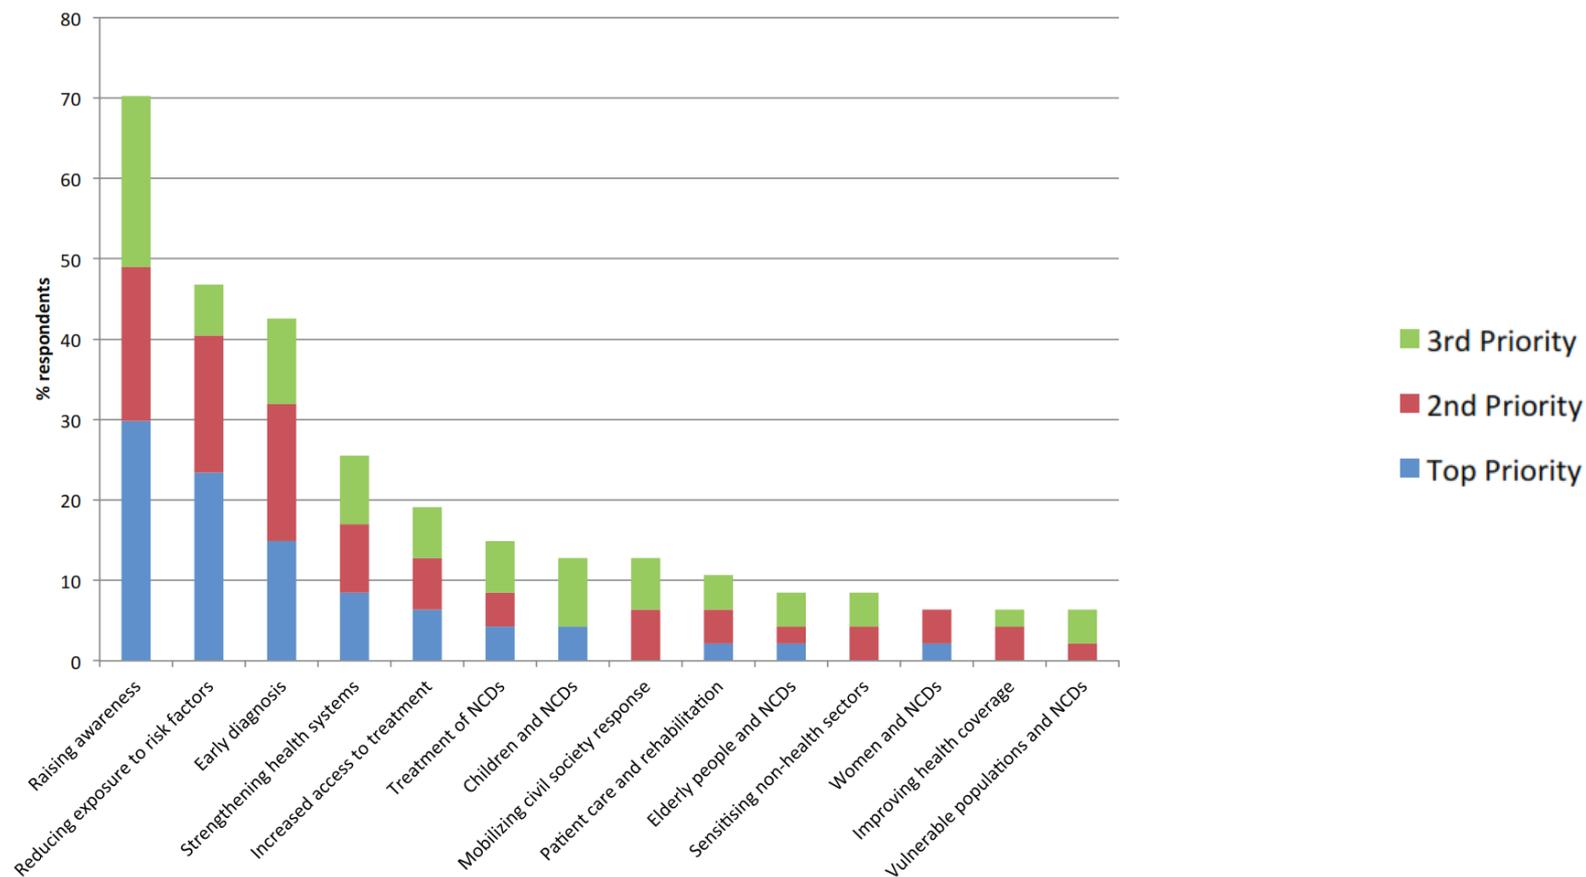

# Background Paper

## Focus of Work

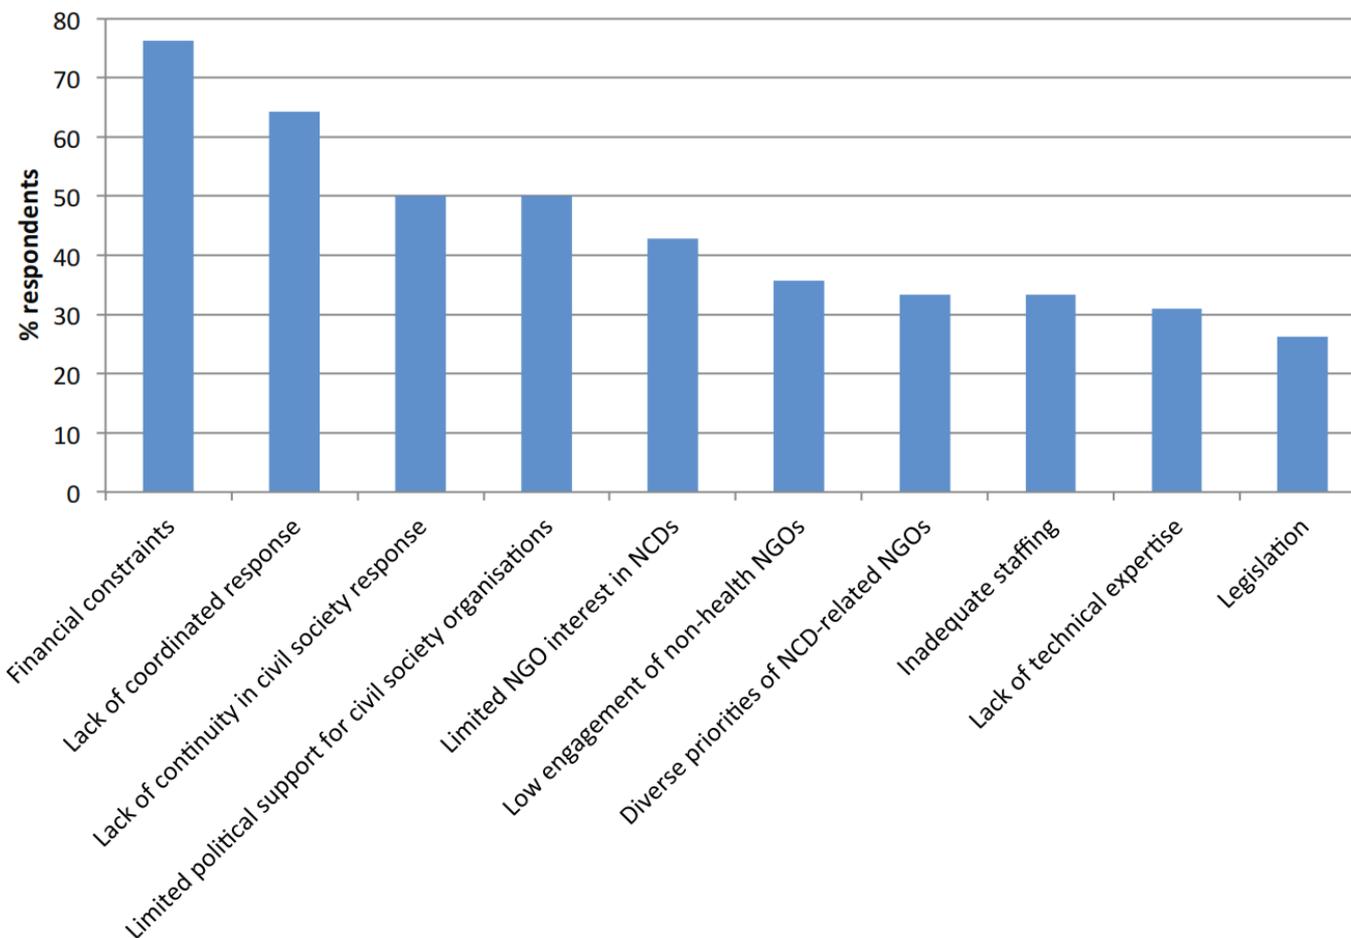

## Priority Focus of Interventions

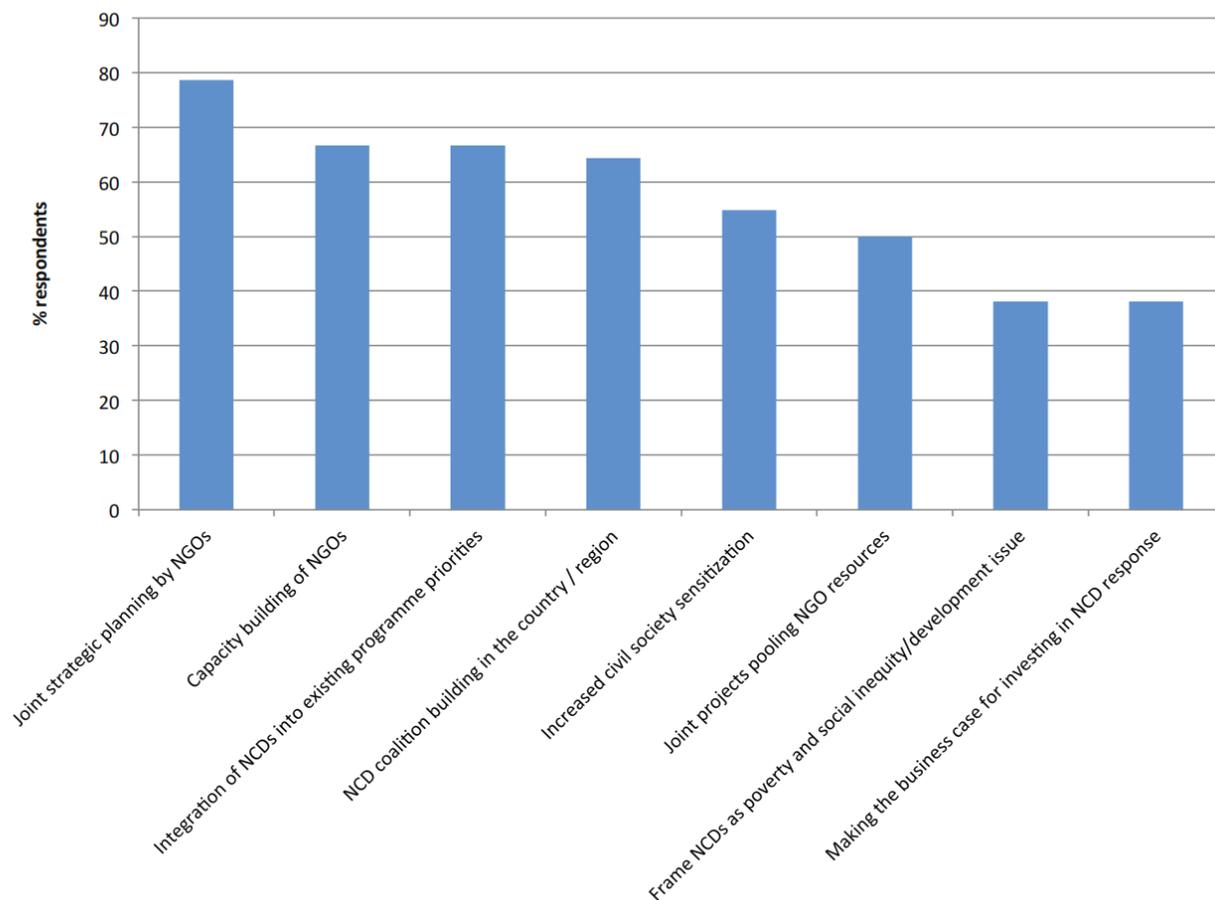

# Background Paper

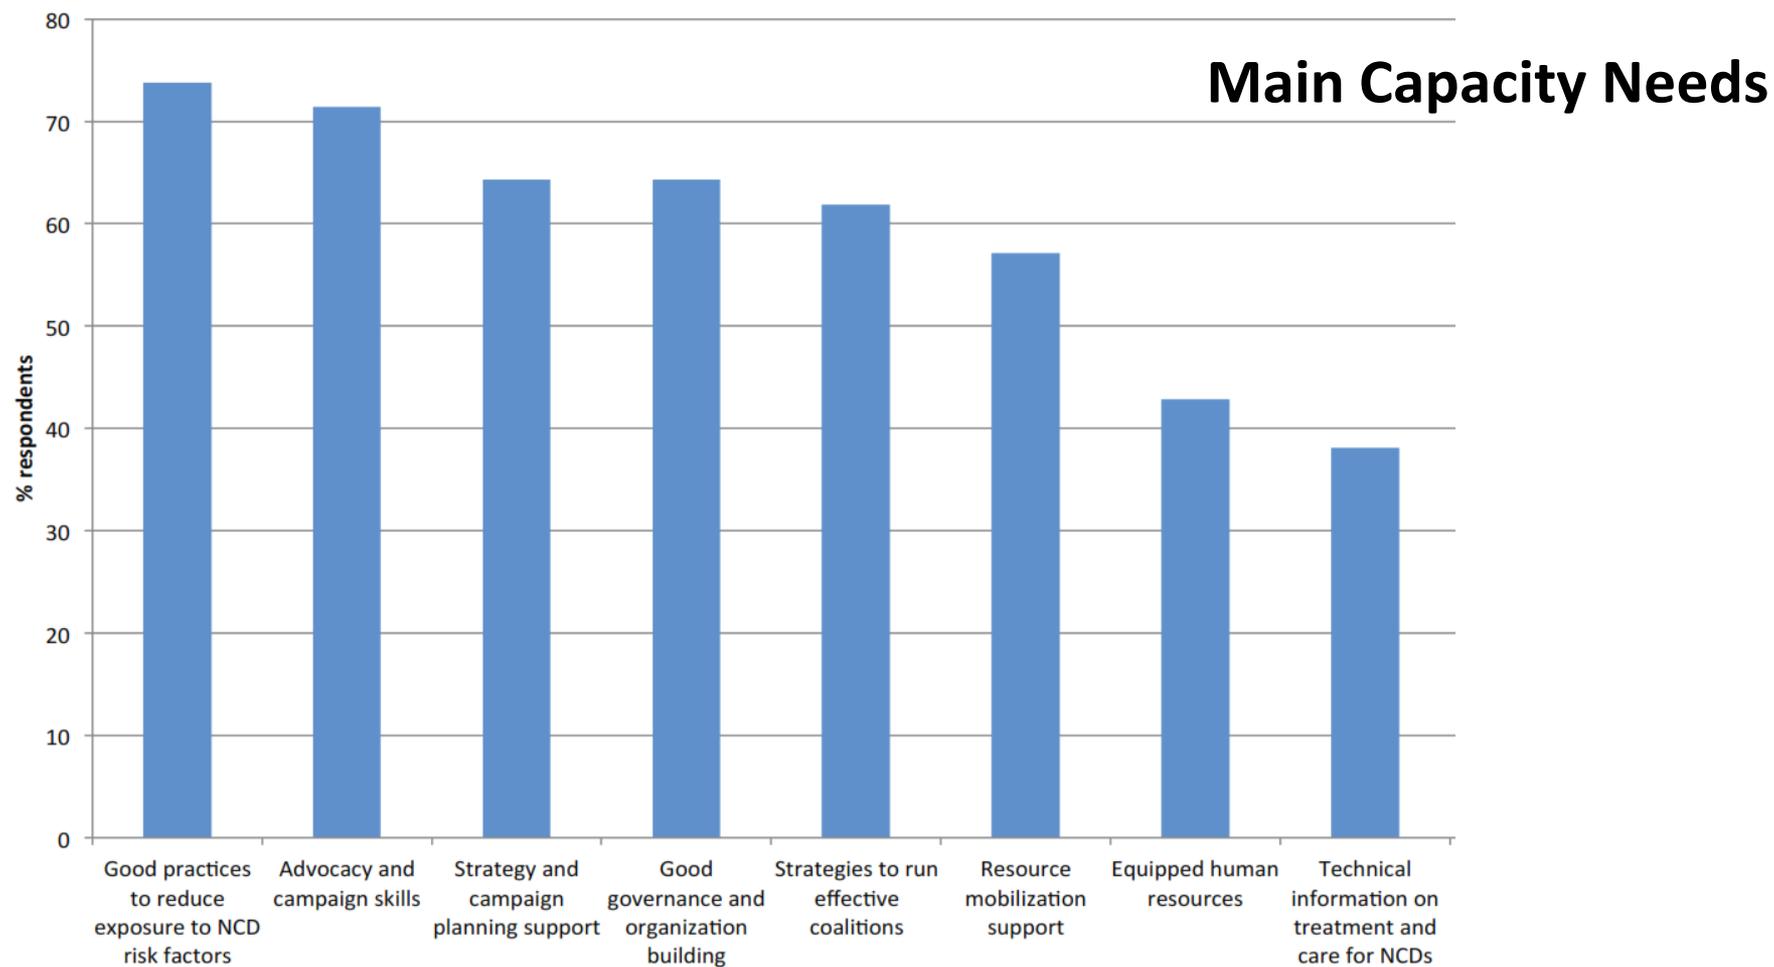

## Major Gaps in Civil Society Response

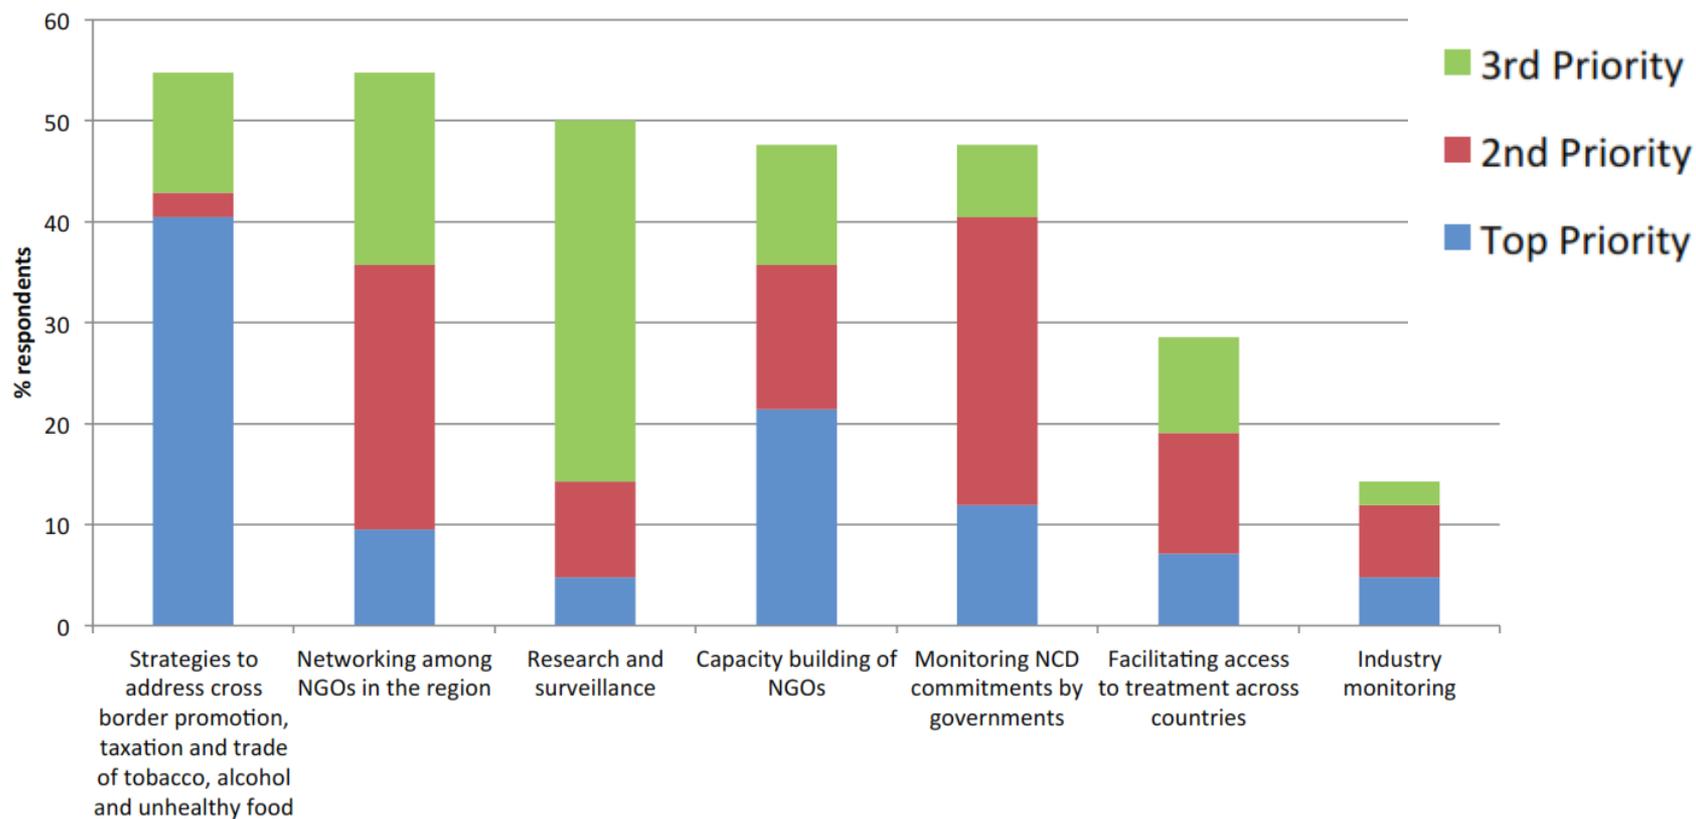

## Potential Solutions to Address CSO Gaps

# Background Paper

## Priorities for Action at Regional Level

## Implications for CSOs in EMR

- Build **multisectoral coalitions** across NCD CSOs at national level;
- Establish **regional platforms** for networking, information sharing and advocacy support – particularly on trans-border issues;
- **Leverage lessons learnt from tobacco control**;
- Support Governments develop and implement **national NCD plans/policies**;
- *Monitor progress and hold Governments accountable*;
- Advocate for **integration of NCDs in development plans**.

# Meeting Recommendations and Outcomes

**Official Report with recommendations** for civil society, WHO, governments and NCDA (to be publically available by next week):

- WHO EMRO and the NCD Alliance to **support CSO capacity building activities** (trainings, workshops) in the region
- Meeting participants to **establish regional NCD Alliance** and national alliances as appropriate with support from WHO EMRO and NCD Alliance
- WHO to conduct **comprehensive mapping of EMR NCD CSOs**
- WHO to facilitate **greater engagement of NCD CS in projects/programmes at national and regional level**
